Bryan, TX 77807

### SMART COURSE

Continue sharpening your commercial driving skills with an advanced defensive driving techniques course that utilizes simulation training. Education around scanning, risk management, anticipation & decision-making skills will be emphasized.

Course Length: 2-4 hours

Certificate of Completion Awarded for Driver File

### EVASIVE MANUEVERS COURSE

Prepare yourself with advanced safety skills to navigate some of the most common hazards drivers face. Backing, wheel drop off recovery, steer tire blowout, skid control, and distracted driving issues are covered in this course.

Course Length: 2 hours

Certificate of Completion Awarded for Driver File

### RETRAINING

Our state-of-the-art driving simulator and certified instructors coach your drivers on skills as directed by you to improve safety scores, reduce insurance premiums, or continue education to empower your drivers.

Course Length: As needed

Certificate of Completion Awarded for Driver File
